Army Doctrine Reference Publication (ADRP) 7-0, Training Units and Developing Leaders, augments fundamental principles discussed in Army Doctrine Publication (ADP) 7-0, Training Units and Developing Leaders. Both ADP 7-0 and ADRP 7-0 support the doctrine established in ADP 3-0 and ADRP 3-0. Army units will face a complex operational environment shaped by a wide range of threats, allies, and populations. Rapid advances in communications, weapons, transportation, information technologies, and space-based capabilities make it a challenge to just stay even with the pace of change. Because Army units face

Online Library Army Training Outline Template

a wide mix of challenges-from strategic to tactical-they must develop leaders to conduct unified land operations anywhere in the world in any operation across the conflict continuum.

Army training prepares units and leaders to be successful through challenging, realistic, and relevant unit training and leader development at home station, at the combat training centers, and in the schoolhouses.

This pamphlet, *The Soldier's Blue Book: The Guide for Initial Entry Training Soldiers* TRADOC Pamphlet 600-4 July 2016, is the guide for all Initial Entry Training (IET) Soldiers who enter our Army

Online Library Army Training Outline Template

Profession. It provides an introduction to being a Soldier and Trusted Army Professional, certified in character, competence and commitment to the Army. Throughout the Blue Book, Soldiers will read and learn about Army ethics and our Values, Culture, History, Organizations, and Training they will receive. It provides assistance with pay issues, leave, Thrift Saving Plans, and organizations that will be available to assist the families. The Soldier's Blue Book is an inspectable item and will be carried at all times. This pamphlet applies to all active Army, United States Army Reserve, and the Army National Guard enlisted IET conducted at service schools, Army Training Centers, and other

training activities under the control of Headquarters Training and Doctrine Command (TRADOC).

Featured on The Jocko Podcast
“The finest little handbook on leadership and training ever written.” --Col. David Hackworth, author of the bestseller *About Face* Guidelines for the Leader and the Commander is an enduring classic. Written by the Army’s premier trainer of the twentieth century, this is a wide-ranging collection of principles and maxims to guide the building, training, and leading of any organization, with a focus on the individuals who make up that organization. Clarke intended the book to enlighten and instruct

Online Library Army Training Outline Template

leaders, and those who aspire to leadership, in every profession and every walk of life. Thoughtful as well as concrete, pithy and often conversational, Clarke's book resonates today.

400 cards with questions & answers plus vocabulary terms and definitions.

This Army tactics, techniques, and procedures (ATTP) manual provides doctrinal guidance and procedures that will enhance the delivery of human resources (HR) support in brigade and battalion S-1 sections. It will help HR

Online Library Army Training Outline Template

leaders to guide actions and provide procedures to enable decision making. This publication is nested with Field Manual (FM) 1-0, Human Resources Support, and provides overarching doctrinal guidance and direction for conducting S-1 operations. ATTP 1-0.1 promotes a common understanding of HR support fundamentals at battalion, brigade, or brigade equivalent level S-1 sections throughout the Army Force Generation (ARFORGEN) cycle. This manual, along with FM 1-0, provides sufficient information to allow for execution of all required HR missions and functions dictated by current operational requirements and anticipated future actions. ATTP 1-0.1

Online Library Army Training Outline Template

provides the doctrinal base for developing operations plans (OPLANs) and associated standing operating procedures (SOPs). Leaders and HR operators at all levels must apply these fundamentals using the military decision-making process (MDMP); troop leading procedures; and mission, enemy, terrain and weather, troops and support available, time available, civil considerations (METT-TC). This publication is an authoritative guide that requires judgment in application. ATTP 1-0.1 was previously published as Field Manual Interim 1-0.1 to address the Army's HR transformation concept and the transition to Personnel Services Delivery Redesign (PSDR), which

Online Library Army Training Outline Template

transferred and consolidated HR functions at brigade and battalion-level. This transition supported Army transformation from large, powerful fixed organizations, typically a division, to a brigade-centric design based on smaller, more self-contained organizations. Likewise, the S-1 structure was enhanced to support S-1 operations throughout all force pools of ARFORGEN, and S-1s now have the capabilities and resources to plan, coordinate, and execute all HR support core competencies and their subordinate key functions and tasks. HR transformation will impact S-1 sections as strategic objectives, structures, and processes change. These changes

Online Library Army Training Outline Template

include—Reshaping HR processes and business practices; Using technology to apply a relevant, reliable, and achievable multi-component HR system; Realigning Army HR structures to meet needs and capabilities; Revising doctrine and training to integrate best practices and lessons learned; Delivering and executing HR service functions as close to Soldiers as possible; Continuing to build on the ability to provide support from home station. While the focus of this manual is on S-1 sections assigned to modified table of organization and equipment (MTOE) units, it also applies to tables of distribution and allowances (TDA) organizations and the support agencies

Online Library Army Training Outline Template

(Installation Management Command [IMCOM]). IMCOM HR support to MTOE units in garrison is limited. Regardless of the type of organization or whether the unit is deployed or not deployed, providing effective and efficient HR support relies on trained HR professionals at all levels that can coordinate necessary HR support when needed.

This report documents the process and the products of a study examining training and training support for units involved in deployments for contingency operations. The purpose of this study was to assist U.S. Army leaders and training resource

Online Library Army Training Outline Template

managers to better train units, staffs, leaders and soldiers based on the realities and challenges of the 21st century operational environment. It was completed in support of a specific request made by the U.S. Army Training and Doctrine Command (TRADOC) for assistance in providing training support to Army ground forces preparing for, participating in, or returning from contingency operations. The study began by surveying the existing body of knowledge concerning U.S. military contingency operations and military deployments conducted in the 1990s. The survey's purpose was to identify and codify full spectrum training and training resource requirements

Online Library Army Training Outline Template

for units participating in contingency operations. The survey's findings were then used to develop an improved training model and associated templates, and to recommend changes in current training policies and procedures. The eight principal recommendations address training strategies, training documentation, resourcing, decision-making, and training management.
