Often light beings communicate with us to pass on information. The energy exchange sends us eons of psychic layers. Most of the ascended masters amongst us are light beings in camouflage. An example of such light beings on earth is the Siddhas from the Himalayas. They are timeless and ageless beings who live and die on their own will.

The term "Being-with" refers to an ontological characteristic of the human being, that it is always already with others of its kind. This assertion is to be understood not as a factual statement about an individual, that he or she is at the moment in spatial proximity to one or more other individuals.
