The Yellow "M" is the sixth book in Blake and Mortimer series from Edgar P. Jacobs and is a classic mystery-adventure and action graphic novel with 'Captain Francis Blake', the dashing head of MI5 and his friend 'Professor Philip Mortimer', a nuclear physicist as the lead protagonists. Jacobs drawings are clean and stylish and the cartoon panels have a strong visual resemblance to 'Tintin'.

But Blake and Mortimer get out of England on their way to a secret English base in the Middle East to complete the secret weapon. They are pursued by Col. Olrik, an Eastern European who is the head of security for the Yellow Empire. This is the first meeting of these 3, as Olrik will be a persistent threat to B&M thru most of the series.

Blake and Mortimer is an animated television series, based on the Blake and Mortimer comics series by Edgar Pierre Jacobs. The series was directed by Stéphane Bernasconi, and produced by French animation studio Ellipse, shown originally in 1997.. The first nine stories were used in this series, as well as four brand new stories, devised by the creators: The Viking's Bequest, The Secret of ...

## **Blake and Mortimer (TV series) - Wikipedia**

Blake and Mortimer is based on the comic by Edgar P. Jacobs. Trying to fit one album (or in several cases 2 or 3) into 52 minutes is an impossible task without losing a lot of detail. Unfortunately, that is one of the problems. I'd say this series is comparable to the animated Tintin series.
