[A] glorious, pictorial tour of the universe . . . beginning with photos depicting Earth from space and progressing through . . . the individual planets." —School Library Journal Preface by Bill Nye Take a tour of the universe with this breathtaking collection of photographs from the archives of NASA. Astonishing images of Earth from above, the phenomena of our solar system, and the celestial bodies of deep space will captivate readers and photography lovers with an interest in science, astronomy, and the great beyond. Each extraordinary photograph from the legendary space agency is paired with explanatory text that contextualizes its place in the cosmic ballet of planets, stars, dust, and matter—from Earth's limb to solar flares, the Jellyfish Nebula to Pandora's Cluster. Featuring a preface by Bill Nye, this engaging ebook offers up-close views of our remarkable cosmos, and sparks wonder at the marvels of Earth and space. "Delve into the great beyond with these awe-inspiring photos from NASA's archive." —Entertainment Weekly "Puts some of our most magnificent space imagery in context, and it's enough to make anyone feel like just the tiniest little speck of stardust." —BuzzFeed

Introducing 100 postcards of all Doctor Who's iconic characters, terrifying monsters and incredible places the Doctor has visited, all packed in a stylish keepsake box. Send them to your friends, stick them on your wall, or keep them as a classic collectable!

From one of the world's leading graphic designers comes a stunning tribute to America's most enduring icon—the Stars and Stripes. The Revolutionary Congress resolved in 1777 that "the flag of the United States be 13 stripes, alternate red and white, that the Union be 13 white stars in a blue field representing a new constellation." Since that time, the American flag has been raised high in wartime triumph and peacetime celebration; burned in fervent protest; sewn lovingly onto quilts, caps, pillows, and bags; appropriated by the commercial sphere to sell goods as varied as cigars, and designer clothing, and rock-and-roll albums; and faithfully honored every 4th of July to celebrate America's independence. This collection of more than 3,000 Stars and Stripes artifacts ranges from Civil War-era banners and Native American braided moccasins to an early 20th-century "friendship" kimono and original flag art by several of the world's leading designers. In its deluxe format with over 500 illustrations, LONG MAY SHE WAVE gives wide berth to the flag in all its manifestations, and the result is a stunning visual history of America—'s most treasured symbol. Full-color throughout, with over 500 illustrations in a deluxe 11 x 14-inch volume—LONG MAY SHE WAVE is the perfect gift for folk-art appreciators, history buffs, and collectors. Features the 3,000-piece exhibit that was displayed at the American Institute of Graphic Arts and the San Jose Museum of Art in 2000. From toy soldiers to collectable spoons, cigar blankets to historic flags—the breadth of the collection is unrivaled. For a list of appearances by this author, check out our Calendar of Events.

In the same format as our previous "Box" gifts, ten artists contribute ten postcards each, this time all about food! Artwork ranges from drawings to paintings to photography, while food ranges from appetizers to desserts. An enclosed information booklet about the artists includes a favorite recipe or food memory from each.
